MONDAY, DEC. 29, 1884.

The English manufacturer who has just removed his establishment to this country in order to derive the benefit of our protective system has incurred the undying hatred of the free trade newspapers.

A careful analysis of the vote cast in California shows that at least three-fourths of the voters who have come into the State during the past four years went with the Republican party in the recent Presidential election.

One of the hardest things yet said about Gov. Cleveland comes from Carter Harrison, Chicago's notorious Mayor, who, in order to strengthen whatever vitality there may be in his senatorial boom, announces that the President-elect is his "own personal friend."

The Republican legislative caucus for the purpose of nominating a President of the Senate and Speaker of the House and other Senate and House officers will be held on Thursday evening, January 15th. The caucus to nominate State officers will be held on the Wednesday evening following.

Hon. E. H. Gilg, Republican, of the Fourth Illinois District, who was elected to the next Congress by a large majority, was not counted out, and whose case was reported favorably upon by the Democratic committee, is still kept out of his seat by the action of the House to act upon the committee's report.

The Buffalo *Courier* does not hesitate to admit that the Democratic objection to the admission of Dakota is on account of the political complexion of the Territory. Texas Republican papers complain that the Democrats for partisan reasons oppose the admission of Dakota as a State at the present session of Congress. These papers say that the Democrats desire to postpone

News About the Capital

Secretary Chandler and the Suspended Naval Appropriations

WASHINGTON, Dec 27 Secretary Chandler in replying to a resolution of inquiry relative to the action of the Secretary in directing them to be in the event of the responsibility of the Department after the 31 inst, beyond which date the naval appropriations for the naval service will not be extended If Congress does not act in a manner resembling no embarrassment will result from the failure to make the appropriations in advance It then would be a matter of considerable length that the Navy Department will continue to exist and to serve various useful purposes, though at considerable inconvenience

Many of the navy will go on, contracts can be entered into for the completion of work already begun under former appropriations and supplies may be purchased, but for all these purposes the Department will merely give certificates instead of cash, and while, other circumstances will not affect the credit of the Government it will put the creditor of the Government in a position not for the early recognition of the differences between the House and the Senate are not good Incidental expressions of members of the House Committee indicate the purpose not to come to with the Senate on either of the three named bills

Mr Randall has sent to Secretary Chandler a copy of the thirty one day bill as made by the Senate to which he gives his forty six months, in a letter asking if the amount therein provided will be sufficient for the department during the remainder of the year. There can be little doubt that the Secretary will declare that the amounts named for the various bureaus are insufficient, which fact may be used in justification of the position of the House in refusing to assent to the Senate amounts Should the point be made that the amounts proposed are too low, the Secretary Committee will meet it by showing that the disputed measures in the House bill were proposed in the usual manner by the estimates and were objected to by members because the Senate had, by its own unusual means, made the appropriations so high Senators will, moreover, urge that they are not wedded to the amounts of the pending bills, but are willing to adjust them in conference.

P SHAW & BROTHERS' AFFAIRS

Another Hearing—F. A Wyman Elected Assignee—Additional Claims Presented

BOSTON, Dec 27 Another hearing in the case of F Shaw & Brothers was held in the Insolvency Court at Cambridge today, the principal questions being the acceptance of the proposal for composition with their creditors to pay thirty cents on the dollar and the appointment of an assignee F. A. Wyman was elected assignee by ballot. Additional claims were presented and proved, amounting to $180,000 The First National Bank of Lynn objected to the proposal for composition and arguments were made on both sides Judge Brooks will probably render his decision next week.

ODDS AND ENDS.

Dispatches from Washington and Philadelphia report that friends of General Grant are holding consultations relative to taking measures to relieve General Grant from the embarrassments growing out of the enforcement of the judgment obtained against him by W. H. Vanderbilt for $150,000 It is said that all of his personal property, including his swords and medals, presents received by him while abroad, his pictures, his two farms and his houses in Washington and St. Louis are to be sold. General Sherman, George W. Childs and A. J. Drexel will hold a conference today at Drexel's banking house. Mr. Sherman having come from New York Saturday night for that purpose General Grant's health is said to be such as to alarm his family.

FIRE RECORD.

Another Furniture Factory Burned—Loss $140 000

BOSTON, Dec 28 Waterman's mills, Medford street, Charlestown, were totally burned at an early hour this morning The building, which was of wood, was 250 feet, four stories in height and divided in three sections, for the manufacture of furniture The southern section was occupied by Lyman, manufacturer of extension tables, and the northern by Child & Hackley, manufacturers of chamber furniture while the middle section was unoccupied The fire originated in this section and the first alarm to the best of that the fire was incendiary

The building, which was owned by A W Waterman, was an old structure and burned rapidly White Wharf on which it stood was so dangerous that the firemen could not work to good advantage three streams were finally in quick succession and as the flames illuminated the heavens large crowds were attracted to the locality The neighboring hills and houses presented a magnificent spectacle The first alarm was given shortly before one o'clock and within half an hour the entire roof had fallen in and the flames spread to a large lumber shed in the rear of the building which was filled with a large quantity of dunnage and other lumber.

This was also destroyed But little could be done to save the building and the firemen's efforts were principally directed to the protection of the adjacent property Hurlbut Board & Co's furniture factory was in danger but was saved Pumpin's factory contained a large stock of manufactured goods and the loss is estimated as follows On stock, $25,000, on machinery, $10,000, insured, $10,000 Clark & Blacker's losses are on manufactured stock $40,000; furniture, patterns, etc., $25,000 on machinery $10,000, insurance about $40,000. Waterman's loss is about $30,000, insured for $7,000 or $8,000 The fire was finally gotten under control about 3 o'clock This is the third large furniture factory burned here in a week

GARLAND NOTES Our correspondent writes The annual gathering at Christ's church was held at the Congregational church Friday evening There were two trees beautifully laden with tokens and presents and a house full of eager and happy people, old and young to participate in the pleasures of giving and receiving. The exercises consisted of singing, recitations and declamations by the little folks and the distribution of the presents, and all passed off merrily — At the last school house they had a Christmas gathering last Wednesday evening — We are having very changeable weather just now Saturday morning it got down to 30 below zero by the thermometer registered twenty degrees below This morning it was seventeen below and a short rain storm and a thirty snow between Colds are very plenty and several A Mr Goodale, living in the north part of the town was buried to-day The cause of his death was pneumonia

PINE TREE WHIST CLUB BALL By an unavoidable change in the arrangements for the ball this evening, it will be held at Music Hall instead of Union Hall. The programme consists of Andrews' Orchestra, leading by Miss Mattie Tuskey; selection, "Cornelius," by the orchestra; report of the Secretary, Mr. Charles I Collamore; song, "The Reaper and the Flowers," Mr. Jas. H. Hawes; Christmas exercise by the Superintendent, Mr. H. Lord, and thirteen children, singing, "The song the Angels sing," by the school, reading, "Christmas Bells," by Miss Fletcher; selection, "The Last Chord," by the orchestra, reading, "The closing year," by Miss Mary Gale, address by Rev. Dr George W. Field; singing by the school, reading, "Christmas Bells," with solos by Miss Hodgdon

Andrews' full orchestra was in full force, and the selections rendered by them were very beautiful and delighted the hearers

The singing of the choir and school was very fine The address by Dr Field was one of his best and was attentively listened to and greatly appreciated. The members of the Universalist society are to be pleased with it

The Secretary's report was then read with much interest From it we learn that the school has 110 members with an average attendance of 88. Their library is composed of 2 000 volumes, thirty having been added during the past year There has been collected during the past year $321 11 amount on hand at beginning of year, $119 11 During the past year the following members of the school have died Mrs Winslow, Mr Charles Mrs Packham and Mrs J W Hincks The following persons have died who were formerly members of the school Mrs George Marsh, of Bristol Mrs Byron Porter, of Stillwater Mrs Sam Waldo, at Lagrange, Col, and Mr Geo H Norton, at East Saginaw, Mich

The whole concert was a complete success, and even more so than the members of the Society expected The committee in charge worked hard and deserve credit for their efforts

AMUSEMENTS

Miss Florence Murray at

There are few of the real pleasures in which we can indulge the age of young man hood who have not passed with avidity those fascinating tales of the sea with which the world except our own Cooper has its works—pictures of brave life more sailors than the author of Simple, Unaffected, Fresh and Manly as how the dog fight

It is therefore with considerable interest that the gentlemen who have made the acquaintance of the gallant captain of the Pinafore will learn of his books await the entertainment to be given by his friend daughter, Miss Florence Murray at this evening at the Opera House while the ladies who are not familiar with the popular novels written by the pleasing authoress, the equally eager to see her programme consists of a number of musical readings entitled "Love Letters," also a humorous musical sketch, "The Silver Wedding," in which Miss Murray depicts the gathering at a silver wedding and a sensible reporting the events of several months of the company to entertain friends by songs, piano recitals, and readings, all of which are said to be highly amusing The concluding piece is a personification of a woman suffragist delivering her lecture, "What shall we do with our men," or "Woman's Wrongs" by Miss Murray It is said to possess splendid elocutionary ability, great dramatic power, and remarkable musical gifts We bespeak for her this evening a warm greeting by a large audience

Tickets 50 cents with no extra charge for reserved seats, now on sale at the Opera House

Insane Hospital.

ANNUAL REPORT FOR THE YEAR ENDING NOVEMBER 30TH.

Messrs. Sylvester Oakes, C. Bowen, J. H. Manley, James Weymouth, Jas. T. Hinckley and Edward Torsey, trustees of the Insane Hospital, have made their annual report for the year ending Nov. 30, 1884. They believe that the close of the year finds the institution on a higher plane of usefulness than at any previous period of its history. The many recent improvements, or able the superintendent and the inmates better accommodations, more comforts and better prospects in every way than at any former time. A year's trial of the modified form of double entry in keeping the books has proved eminently satisfactory. The products of the garden have entered largely into the supplies of the Hospital, and at the last monthly meeting it was voted to separate the operations of the garden from those of the farm. Early in the summer disease makes its appearance among the swine and continued with great severity for several months. Doubtless the disease known as generally known as hog cholera. Two hundred and nine hogs died, including all to the institution of $8,145. In September the price of board was raised nearly five cents per week in the public wards of the old building, and fifty cents in those of the new building.

A large quantity of grading, amounting to the aggregate to some 10,000 yards has been done this season. A circular street, connected with the grading has been laid out sufficient distance from the Insane buildings to prevent strangers visiting the Hospital grounds from conversing with the inmates. Substantial duties have been constructed in connection with the main building, at a cost of $8,522.82. More than 3,000 feet of steam and hot water pipes have been covered by the most costly manner, and by a covering of felting cloth, by heavy duck, all of which is secured by proper wire. This was at a cost of $975. Three-fourth rooms in the old building should be remodeled at once, and changes as soon as the finances will allow, will be removed to a site near the upper house. During the last year many improvements have been made, designed to ameliorate the condition of the patients, among which may be noticed the putting of some sanitary beds in nearly every room, obtaining and supplying the wards with a variety of excellent vegetables from the green-houses. Fifteen patients are employed to assist in the Hospital (three formerly).

SUPERINTENDENT'S REPORT.

From the report of Supt. B. P. Shibburn we glean the following:

	Males	Females	Total.
Patients during the Year	112	90	202
Discharged recovered	50	42	92
Discharged improved	17	11	28
Discharged unimproved	5	2	7
Died	31	17	48
Remaining Nov. 30, 1884	209	228	437

Of those admitted 52 were between 15 and 20 years of age, 40 between 30 and 40, 34 between 40 and 50, 25 between 50 and 60, 21 between 60 and 70, 17 between 70 and 80.

Conclusions relative to social condition:—Males, 57, females, 107; unmarried males, 31, females, 37; widows, 11, widowers, 12; married, 2.

The longest time of the treatment of any patient discharged cured was nine years and one month.

The assigned causes of insanity are as follows:—Abortion, 1; epilepsy, 2; exhaustion of labor, 1; disappointed ambition, 1; domestic affliction, 5; ill-appointed business, 6; dissolute life, 11; excessive study, 1; fright, 1; general paralysis, 11; ill health, 27; intemperance, 109; injury of head, 6; insanity of spine, 25; loss of property, 1; loss of relatives, 15; love affairs, 1; menstruation, 2; measles, 2; overexertion, 23; opium habit, 23; puberty, 11; puerperal, 1; paralysis, 6; sunstroke, 1; typhoid fever, 11; spiritualism, 1; scrofula, 1; sickness, 2; unknown, 15; violent fright, 1; typhoid fever, 1; disorder of the mind during the years were on their first attack, 27 on their second, 7 on their third, 3 on their fourth, 3 on their fifth, 1 on the ninth and 1 on the twelfth. One has been admitted twice in the year.

The following was the condition of those in the Hospital Nov. 30th:—27 men and 7 women improved, 31—20 men and 11 women unimproved, 16—9 men and 7 women. Of the 59 discharged recovered, 14—11 men and 23 women—were on their first admission, 6—3 men and 3 women, second, 2 women, third; 1 woman, fourth; 1 man and 1 woman—eighth; and 1 man, ninth.

The annual record has been unusually low, being that even in excess of last year. The most odious epidemic influence that operates so extensively upon the inmates during the winter and spring of 1883, has prevailed. A portion of the past year the disease attacked very generally those patients who had passed the period of life whose physical powers were waning. The greatest mortality was in January, February and March, 14 patients dying during each of those months. The only serious number of patients dying in any two weeks was in September, when 5 died in two weeks. Fifty-three patients have been employed on their own account, or by the State, and have received statement of $1.50 per week. Some individuals paying the

REPORT OF BUILDING COMMITTEE.

The Legislature appropriated the sum of $14,000 for finishing the new female section, including the furnishing of the necessary steam, plumbing, elevators and grading of the grounds. The total amount called in this direction is $14,722, a sum $722 more than the appropriation, but it was found absolutely necessary to make the changes detailed above. The same legislature appropriated $30,000 for the erection of a male pavilion, including the furnishing of heating apparatus, plumbing, elevators, etc. Under the resolve the trustees erected two, contract a new pavilion for males, and a corridor and tramway connecting the two buildings with each other and with the main buildings. The cost of building and furnishing was $21,91. It will require, to properly furnish and provide this building with steam, as I complete the grading, some $2,000. Contracts have been made for the water, elevators, grading, etc. It will not be long before the legislature called upon to appropriate the sum of $22,000 to complete the building, and to pay for expenses already incurred under the resolve. The house now all the buildings will need no care of its inmates for the next eight or ten years, unless the rate of insanity will increase more than a hundred fold.

FINANCIAL.

The financial results for the past year have resulted in round numbers to $166,000, investments, $97,000; Resources Nov. 1883, $51,231.81; Liabilities, $30,513.58, resources $26,778.26, as against—same last year, $18,166.63. The library balance in his favor amounting to $25.91, invested as follows: Savings, $1,812.60; bonds, $2,000; cash, $25.31.

FARM PRODUCTS.

Farm products were as follows: 200 tons of hay, 613 bushels of potatoes, 152 do., 97; beans, 881, 640; 165 peas; 20 bushels beets; 376, table beets 304; mangel wurtzel; 105, parsnips; 389, onions; 1,200 pounds Hubbard squash; summer squash; 1,100, early cabbage, late cabbage; 20, clover seed; 3 bushels of seed corn; 6,000 cucumbers, 3 barrels of cucumber pickles, 15 barrels of tomatoes, 237 quarts of strawberries; 133, blackberries; 400, raspberries, 74,278, milk; 377 lbs. of raspberries.
